SUMMARY

Senior PHP-Laravel Web Application Developer with 5+ years of experience building scalable, secure, and high-performance systems including ERP, POS, RMS, marketplace platforms, and AI-powered modules for data analysis, workflow automation, and intelligent report generation. Proven expertise in leading engineering teams, designing robust system architectures, optimizing database and query performance, and delivering complex business solutions end-to-end. Highly skilled in Laravel, CodeIgniter, REST APIs, MySQL, and server deployment. Proficient in Python, Node.js, React.js, JavaScript, and modern AI integrations. Successfully completed 100+ professional projects with consistent quality and on-time delivery.

EDUCATION

B.SC in Computer Science

Eastern University 2017-2020 Bangladesh

CGPA 3.75 / 4.0

EXPERIENCE

Senior Software Developer (Team Lead)

Seopage1 Mar 2024 - Present Dhaka, Bangladesh

At **Seopage1**, I develop complex features for the company's internal ERP system, building business logic that powers daily operations. I design feature architectures, integrate AI-powered modules, optimize databases and performance, and collaborate with and mentor a team of 10+ developers to implement robust solutions. My role combines hands-on development with guidance and mentoring, ensuring high-quality, efficient, and scalable software.

Skills: Laravel • MVC/HMVC • React.js • JavaScript • REST APIs • AI Integration • Database Optimization • Linux/VPS • GitHub

Sr. Laravel Developer

Bdtask Ltd Mar 2023 – Feb 2024 Dhaka, Bangladesh

I contributed to Sales ERP and Restaurant Management systems with marketplace traction. As Laravel Team Lead, I guided a team in designing and implementing scalable, high-performance features, integrating modules, and delivering innovative solutions.

Skills: Laravel • MVC & HMVC • Package & Module Integration • Tailwind CSS • JavaScript • REST APIs • Linux • VPS • Bitbucket

Laravel Developer

MMIT Soft Ltd Oct 2020 – Feb 2023 Dhaka, Bangladesh

I have been working here as a full-stack Laravel developer, building various management software including POS, RMS, school, pharmacy, diagnostic, account management, and network marketing e-commerce solutions based on client needs.

Skills: Laravel • CodeIgniter • Bootstrap • Tailwind CSS • JavaScript • jQuery • Alpine.js • REST APIs • SSH • Git • GitHub • Payment Gateways
